Todd,

Understand from Brandon all has been sorted and loading of cattle will resume tomorrow morning. Can you confirm same is happening?

Thanks,  
Paul

Hi Todd,

Just as a follow up to our phone call – My contact details are in my signature. I'm reachable on my mobile 24 hrs per day (unfortunately). Please let me know the status of loading, or unloading, once you know. At this point, wither way the vessel will be alongside at least 1 day longer than we had originally estimated, so our PDA/Invoice will be changing. I can send that to you directly later once a final decision is made.

Appreciate your assistance and understanding in this matter.
